Software Programmer/Software Engineer

PROFILE

Talented software programmer with BBA degree, strong education background in programming, and experience using cutting-edge development tools, articulate and professional communication skills, including formal presentations and technical documentation. Productive in both team-based and self-managed projects; dedicated to maintaining up-to-date industry knowledge and IT skills.

Strong general summary of skills

Knowledge & Skill Areas

- Software Development Lifecycle
- Object-Oriented Programming
- Problem Analysis & Resolution
- Web Site Design & Development
- Technical & End User Documentation
- Software Testing & Troubleshooting
- Project Teamwork & Communications Requirements
- Gathering & Analysis

TECHNICAL SUMMARY

Languages: Java, C, C++, JSP, ASP.NET, Rational, HTML, SQLM, Unified Process

Operating Systems: Linux, Windows 7/Vista/XP

Object-Oriented Design: UML, Design Patterns

Specific skills will get you hired!

EDUCATION

TEXAS UNIVERSITY, Houston, TX

Bachelor of business Administration in Computer Science, 2010

- ❖ Earned place on President's List for 3 semesters (4.0)
- ❖ Member, Golden Key National Honor Society & Honors Fraternity
- ❖ Selected for listing in Who's Who Among Students in American Universities and Colleges

Relevant Coursework:

- Software Engineering
- Project Management
- Database Design
- Systems Engineering
- Differential Equations
- Classical/Modern Physics
- Calculus I,II,III
- Logic Circuits
- Systems Analysis

Project Highlights:

- ❖ **Software Engineering**-Served as Design Team Leader and member programming group for semester-long project involving development of software for actual implementation within Texas University Recreation Center Determined requirements, created "look and feel" for user interface, and maintained explicit written documentation.
- ❖ **Systems Engineering**- Teamed with group of four in conceptualizing designing client-server application to interconnect POS and inventory systems for retail outlet, delivering class presentation that highlighted specifications and projected \$2 million in cost savings.

COMMUNITY COLLEGE, Houston, TX

- ❖ 3.96 GPA/Concentration in Computer Science coursework

EXPERIENCE

DATATFRAME CONCEPTS, LLC, Houston, TX

Software Developer

- ❖ Worked with small team of developers to brainstorm and implement ideas for shipping/receiving software representing leading-edge concept within transportation industry.
- ❖ Planned and initiated redesign of existing stand-alone application, utilizing object-oriented design/programming and Java in creating thin-client GUI for new distributed system.
- ❖ Collaborated with marketing director in strategies to further business growth, including web site enhancement that drove 65% increase in visitor interest for product offering.
