DSU 2017 – 18 Bachelor Graduates
1 year Follow Up

Methodology
- An internal survey was created
- The survey was shared using the following mediums:
  - Personal email – April 30th – May 16th – sent three times
  - Text to graduates’ phone – May 20th – 31st – sent three times
  - Phone calls to graduates’ phone – June 3rd – 14th – called through the remaining respondents one time

Responses
- 769 students graduated with a Bachelor’s Degree following the 2017-18 academic year. Of those 769, we gathered responses from 272 students (35% response rate).
- Breakdown of survey recipients – Gender: 56% females, 44% males (graduates = 53% female, 47% male). Ethnicity: White 85%, all others 15% (graduates = 81% white, all others 19%)
