17 – 18 Graduate Employment Data
Information gathered 1 – 1.5 years after graduation

Methodology
• An internal survey was created
• The survey was shared using the following mediums:
  o Personal email: April 30th – May 16th (sent three times)
  o Text messages: May 20th – 31st (sent three times)
  o Direct phone calls: June 3rd – 14th (called the remaining respondents one time)

Responses
• 769 students graduated with a Bachelor’s Degree following the 2017-18 academic year. Of those 769, we gathered responses from 270 students (35% response rate).

Highlights
• Post-Graduation Plans
  o Employment or Self-Employment – 79% (213 students)
  o Seeking Employment – 3% (9 students)
  o Admitted into Graduate School – 16% (43 students)
