Mock interviews generally last one hour.

A mock interview helps you learn how to answer interview questions, develop interview strategies, improve your communication skills, and reduce your stress before an actual job interview.

How do I prepare for a mock interview?
Take your mock interview as seriously as you would an actual interview. Prepare just as you would for an interview with a hiring manager. Here are some Tips:

• Arrive 10-15 minutes early, bring your resume.
• Take notes on what your mock interviewer tells you.
• Dress in professional interview attire.
• Prepare answers to interview questions before arriving. You can find practice questions as well as questions to ask the interviewer on the Career Services website.
• If you would like to record yourself/review your mock interview bring your cell phone.

What should I send to my Career Coach ahead of time?

• Once you have scheduled your mock interview, email a copy of your resume and job description to the Career Coach.
• Mock interviews work best when you have a specific job or industry in mind. The job description you are using does not need to be a job you are actually applying for, but allows the Career Coach to prepare relevant and specific questions.
• If you currently don’t have a resume or need help finding a “practice” job description, please visit us during our Career Lab hours when a Career Mentor can assist you. Hours: Tuesday – Thursday 1:00 pm – 4:00 pm, Career Services HCC 5th Floor, 523.
